

ZEPP'S PIZZA

The chicken, bacon and spinach pizza is "a little hidden gem on our menu," said Jon Zepp, owner of Zepp's Pizza in North Canton. Crust is made fresh daily at Zepp's and uses "a little bit of barley flour for a little different flavor and texture," he said. The crust is spread with garlic butter white sauce, then layered with fresh spinach, provolone cheese — "sliced rather than shredded, for better coverage," — fresh tomato slices, crumbled bacon, and seasoned boneless chicken (baked on premises) and then topped with Parmesan cheese and oregano from a shaker.
